Title: Agency Information Collection Activities: Submission for OMB Review;
Comment Request; Requirements for Generators, Transporters, and Hazardous
Waste Management Facilities Under the RCRA Hazardous Waste Manifest
System
Action: Notice.
Comment: EPA announces that the following Information Collection Request (ICR) has
been forwarded to the Office of Management and Budget (OMB) for review
and approval: Requirements for Generators, Transporters, and Hazardous
Waste Management Facilities Under the RCRA Hazardous Waste Manifest
System, EPA ICR No. 801.12, OMB Control Number 2050-0039, expiration
date September 30, 1999.

08/03/99 64 FR 42033-42039

Title: Hazardous Waste Management System; Identification and Listing of Hazardous Waste; Final Exclusion

Affected: 40 CFR Part 261

Action: Final Rule

Comment: The Environmental Protection Agency (EPA) is granting a petition submitted by Occidental Chemical Inc. (Occidental) to exclude (or delist) from hazardous waste control a certain solid waste. The EPA received notice from Oxy Vinyls, LP regarding a change in ownership. Effective May 1, 1999, Oxy Vinyls, LP became the owner of Occidental Chemical Corporation, Houston Chemical Complex, VCM Site. This exclusion applies to Rockbox Residue generated at Oxy Vinyl's Deer Park, Texas facility. This final rule excludes the petitioned waste from the requirements of hazardous waste regulations under the Resource Conservation and Recovery Act (RCRA) when disposed of in Subtitle D landfills/surface impoundments but imposes testing conditions to ensure that the future-generated wastes remain qualified for delisting.

08/04/99 64 FR 42317-42328

Title: Hazardous Waste Management System; Identification and Listing of Hazardous Waste; Proposed Exclusion

Affected: 40 CFR Part 261

Action: Proposed rule and request for comment.

Comment: EPA is proposing to grant a petition submitted by BWX Technologies, Inc., to exclude (or delist) certain solid wastes generated at its Lynchburg, Virginia, facility from the lists of hazardous wastes contained in Subpart D of Title 40 of the Code of Federal Regulations Part 261. This proposed decision, if finalized, conditionally excludes the petitioned waste from the requirements of hazardous waste regulations under the Resource Conservation and Recovery Act (RCRA).

Title: Request for Information Concerning Transfrontier Movements of Wastes
Destined for Recovery Operations Within the OECD Area
Action: Notice.
Comment: EPA is requesting specific information from interested parties, and the U.S.
regulated community, on imports and exports of secondary materials, wastes
and hazardous wastes moving toward recycling operations in the member
countries of the Organization for Economic Cooperation and Development
(OECD). This information will be used by EPA and other federal agencies in
developing U.S. positions with respect to provisions of OECD Council
Decision C(92)39 concerning the control of transfrontier movements of wastes
destined for recovery operations with those of the Basel Convention on the
Control of Transboundary Movements of Hazardous Wastes and Their
Disposal, including the possible replacement of the OECD waste lists (green,
amber, and red) with the Basel waste lists (Annexes VIII and IX). Responses
to this request are to be submitted no later than September 30, 1999.

08/18/99 64 FR 44836-44841

Title: Texas: Final Authorization of State Hazardous Waste Management Program
Revision
Affected: 40 CFR Part 271
Action: Immediate final rule.

08/18/99 64 FR 44866-44876

Title: Hazardous Waste Management System; Proposed Exclusion for Identifying
and Listing Hazardous Waste
Affected: 40 CFR Part 261
Action: Proposed rule and request for comment.
Comment: The EPA is proposing to grant a petition submitted by DuraTherm,
Incorporated to exclude (or delist) desorber solid waste generated at its
recycling facility from the lists of hazardous wastes contained in 40 CFR
261.24, 261.31, and 261.32. This proposed decision, if finalized, conditionally
excludes the petitioned waste from the requirements of hazardous waste
regulations under the Resource Conservation and Recovery Act (RCRA).

Title: Hazardous Waste Management Program: Final Authorization of State
Hazardous Waste Management Program Revisions for State of Texas
Affected: 40 CFR Part 271
Action: Proposed rule.

08/20/99 64 FR 45632-45697

Title: Standards for the Management of Cement Kiln Dust
Affected: 40 CFR Parts 259, 261, 266, and 270
Action: Proposed rule.
Comment: EPA is proposing to revise the management of cement kiln dust (CKD) waste
under the Resource Conservation and Recovery Act (RCRA). CKD would
remain a non-hazardous waste provided the following three management
standards are met: (1) For ground-water protection, the EPA is proposing
management standards which require a landfill to be designed to control
releases of toxic metals to ground water at the point of compliance; (2) To

control releases of fugitive dust, the proposed management standards would require persons managing CKD waste to cover or otherwise manage the landfill, CKD handling areas, and CKD storage areas to control wind dispersal of fugitive CKD; and (3) EPA proposes concentration limitations on various pollutants in CKD used for agricultural purposes. In addition to the above listed management standards, this rule proposes RCRA Subtitle C regulatory standards for CKD that is not managed according to the standards described above.

Title: Hazardous Waste Management System; Identification and Listing of Hazardous Waste; Proposed Exclusion
Affected: 40 CFR Part 261
Action: Proposed rule and request for comment.
Comment: The EPA is proposing to grant a petition submitted by Chaparral Steel Midlothian, L.P. to exclude (or delist) certain solid wastes generated by its Midlothian, Texas, facility from the lists of hazardous wastes. This proposed decision, if finalized, conditionally excludes the petitioned waste from the requirements of hazardous waste regulations under the Resource Conservation and Recovery Act (RCRA).

08/25/99 64 FR 46298-46302

Title: North Carolina: Final Authorization of State Hazardous Waste Management Program Revision
Affected: 40 CFR Part 271
Action: Immediate final rule.

08/25/99 64 FR 46302-46316

Title: Louisiana: Final Authorization of State Hazardous Waste Management Program Revisions

08/25/99 64 FR 46375-46376

Title: Agency Information Collection Activities--Proposed Collection; Comment Request; RCRA Section 3007 Questionnaire of the Paint Manufacturing Industry
Action: Notice.
Comment: EPA is requesting comment on the Information Collection Request (ICR) entitled "RCRA section 3007 Questionnaire of the Paint Manufacturing Industry." EPA is currently in the process of making a determination whether certain waste streams generated from the manufacture of paint in the United States should be regulated as listed hazardous waste under the Resource Conservation and Recovery Act (RCRA).

08/25/99 64 FR 46476-46539

Title: Hazardous Waste Management System; Identification and Listing of Hazardous Waste; Chlorinated Aliphatics Production Wastes; Land Disposal Restrictions for Newly Identified Wastes; and CERCLA Hazardous Substance Designation and Reportable Quantities
Affected: 40 CFR Parts 148, 261, 264, 265, 268, 271, and 302
Action: Proposed rule.
Comment: EPA is proposing to list three wastes (K173, K174, and K175) from the chlorinated aliphatics industry as hazardous wastes under the Resource

Conservation and Recovery Act (RCRA). If listed, these three wastes will be subject to management and treatment standards under RCRA and to emergency notification requirements for releases of hazardous substances to the environment.

08/26/99 64 FR 46567-46571

Title: Oklahoma: Incorporation by Reference of State Hazardous Waste Management Program
Affected: 40 CFR Part 272
Action: Immediate final rule.
